To the Patients of Cerefin Family Chiropractic,

By now, many of you have heard about Dr. Mike selling his practice, Cerefin Family Chiropractic, to myself (Dr. Christian) and Dr. Pete Yoder. Dr. Mike will be moving to Colorado to be closer with family. He plans to continue practicing once settled out there. This is an exciting time all around!

It was a great privilege to join an established practice such as Dr. Mike's and to be able to learn from him for almost 2 years. His over 25 years of experience and expertise in the field made him a great mentor. I am very appreciative of my time in practice with Dr. Mike.

The business partnership between myself and Dr. Pete Yoder started as he was looking to move back to Indiana. Dr. Pete has 11 years of practice experience from his time in Southern Indiana and North Carolina. Together, we are excited to continue what Dr. Mike started, while working to grow and continuing to serve the surrounding community!

We are excited to officially announce Cerefin Family Chiropractic is becoming Emerson Chiropractic! We look forward to building our relationship with you, our patients, and keeping your health the top priority as these changes occur!

In Good Health,
Dr. Christian J. Carter
