

November 2019

To all my valued patients,

I want to inform you that I have sold my practice and will be moving out west to be near family and continue to practice. This is a bittersweet decision as I look forward to spending more time with my family, but it has been a great honor and privilege to have provided chiropractic care for you and your extended families.

I am pleased to inform you that Dr. Christian Carter and Dr. Pete Yoder have formed a partnership and will be taking over my role in the practice and will be caring for all your chiropractic needs in the future. Dr. Christian graduated from Logan University and has been in practice with me for the past year and a half. Dr. Pete graduated from Logan University as well and has practiced in Indiana and North Carolina for the past 11 years. They blend well together and I am confident that they will provide excellent chiropractic care for you and your family in a compassionate manner. They are both extremely excited to start their practice together.

The staff of Kim, Stephanie and Leah will continue to serve you for your appointments, massages and billing questions. Please call the office with any chiropractic needs. Dr. Christian and Dr. Pete will officially take over the practice on November 22. I will remain with the practice for 3 weeks on a limited basis to help with a smooth transition period and will be available to adjust as needed.

Thank you for your confidence and trust in me over the past 25 years. I have certainly valued our relationship and have many memories to look back on. Best wishes for your health and happiness.

Respectfully,

Dr. Mike Cerefin
